

Aspen Speedos Board Meeting
10/26/06

Attending: Greg, Archie, Jenny, Gordon, Elaine, Marc, Brooks, Nona, Kelly

It was a short meeting because several board members could not attend. No new information regarding our WSC meet this past July or current financials because both Cindy and Laura were not present. This will be on the agenda for our next meeting.

Coach's Swim Clinic-Oct: Marc reported on the Coach's clinic which he attended. He felt it was very informative and worthwhile.

Swimposium: Greg reported that the Swimposium held in Glenwood did not have as good a turnout from the Western Slope teams as they had hoped. This is to be held every 3 years on the Western Slope. CSI will be doing background checks on all coach's- for security reasons. There is a new official's video that will be out by the end of this year.

Meet 2007: The most important item on the agenda was the meet schedule for 2007. The preliminary schedule has us hosting our meet June 8,9,10 against Cortez and a one day meet of Grand Valley on the 9th. A lot of time was spent discussing the meets but none of the teams are willing to give up their dates. The schedule ended up having only 1 meet on over half of the summer weekends.

Greg has proposed that Aspen could possibly hold a couple small meets in July - Invitationals with only about 3 teams attending each meet. There was little support for this as people felt it would be too much work.

Sopris has suggested that they might swap dates with us every other year for a summer meet and then the team not hosting a summer meet would host a dual meet in the winter. Generally, this idea sounded good to everyone. It was suggested that we not host a meet next year; which also received support.

Gordon mentioned the possibility of a state sanctioned meet, but the most likely weekend is when front range teams have their last chance meets.

Brooks Bryant was voted in as a new board member.

Farmington will be joining the WSL.

Next Meeting: Thursday, January 18th
